OFFICE OF LEGISLATIVE COUNSEL

Monday - 1 July 1963

25X1 1. [REDACTED] James Critchfield telephoned with reference to the appearance of Bushrod Howard before Senate Foreign Relations Committee. As a result of that appearance, State is preparing a letter to the Committee furnishing comments and indicating that Mr. Taibot would be happy to fill in the Committee further but denied knowledge of any anti-Israel organization subsidized by the Government. Apparently [REDACTED] is involved in this and the Division wishes this office to 25X1 25X1 look into the matter with [REDACTED]. Critchfield in the meantime is forwarding a memorandum for approval on this subject to General Carter.

25X1 2. [REDACTED] [REDACTED] called to say our bill on 25X1 [REDACTED] was on the consent calendar for floor action for 9 July 1963. He also stated that the Subcommittee was looking into the problem of incoming Cuban refugees and had testimony from [REDACTED] and Note of Immigration and others from State. He was inquiring if we could furnish any background information to the Subcommittee on how the Cubans are selected for travel and what cooperation there is among the various U. S. agencies in screening these people. I said I would look into the subject and advise.
